# HOW THE MAGIC HAPPENS

## DEEP MUSCLE TONING WITH ADWT

ULTIMA FACE uses high precision focused electrical impulses to gently but effectively stimulate facial muscles. Think of it as a focused workout for your face that tones and tightens the muscles, providing a natural lift from within. This innovative approach goes beyond traditional treatments and offers deeper and longer lasting facelift without surgery.

## SKIN REJUVENATION

With HILIFT featuring NFMT and photobiomodulation, our device deeply rejuvenates the skin by enhancing collagen production, leading to a lifted, smoother complexion. Red light therapy boosts cellular energy, aiding in skin repair and reducing wrinkles, scars and inflammation. It's effective for a range of skin conditions, including improving skin texture, healing damage and promoting overall skin health.

## NON-SURGICAL AND NON-INVASIVE

Say goodbye to the downsides of surgery. ULTIMA FACE offers a comfortable, non-invasive solution that delivers a comprehensive facelift experience using a precisely designed muscle-activating method with a unique waveform pattern.

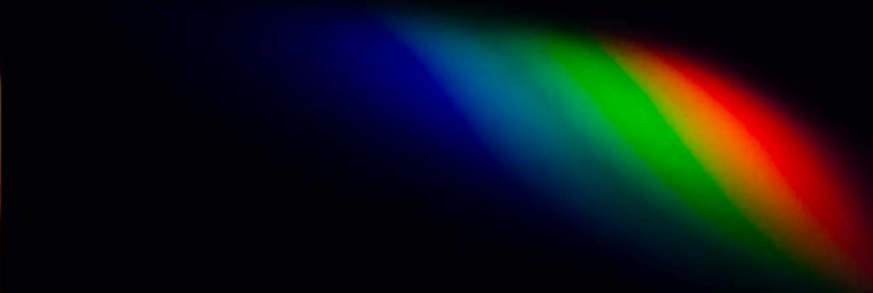

## COMPREHENSIVE FACIAL REVITALIZATION

A treatment with ULTIMA FACE is more than just a facelift; it's a complete facial rejuvenation. By targeting both the muscles and the skin, it ensures a natural transformation, enhancing your facial contours and skin vitality.

## NO RECOVERY TIME

ULTIMA facial treatments are designed for efficiency and convenience, allowing clients to enjoy the benefits of advanced rejuvenation without any downtime. This means you can return to your daily routine immediately after treatment, with no need for a recovery period.

# VISIBLE RESULTS AFTER THE FIRST TREATMENT!

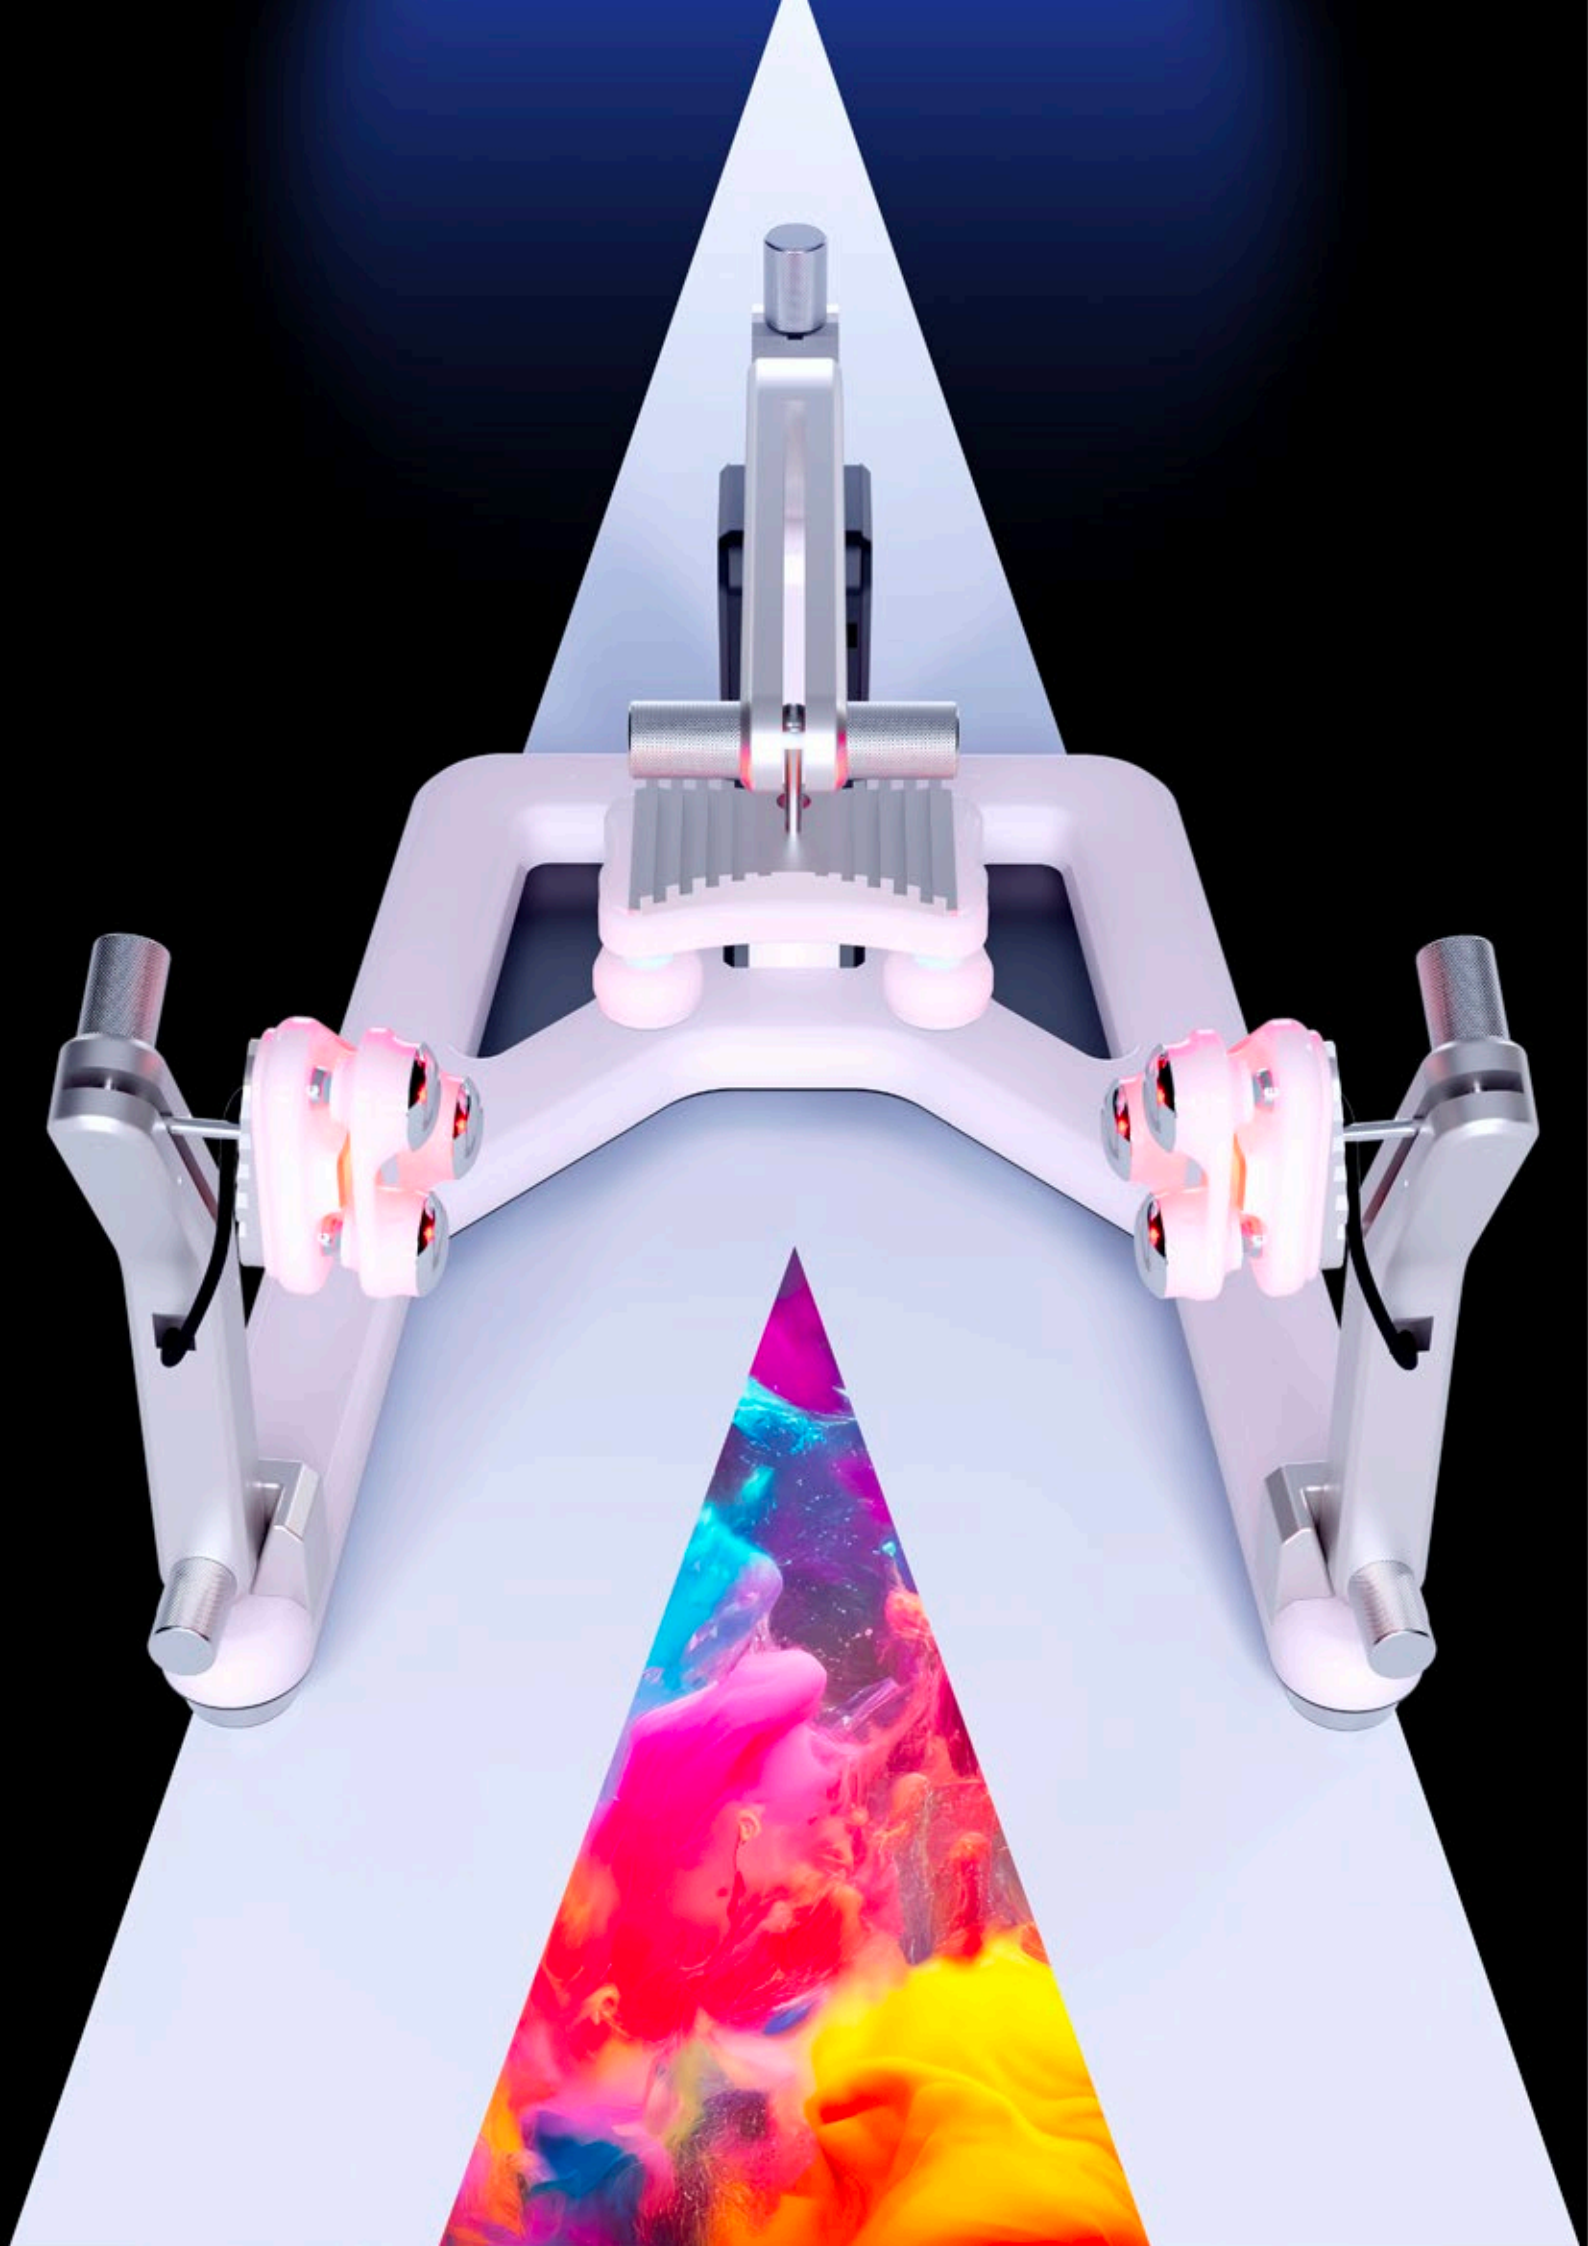

AT THE END OF THE TREATMENT, YOU WILL FEEL TIGHTER SKIN, A MORE OPEN LOOK, AND FRESHER, MORE VIBRANT, AND SMOOTHER FACIAL SKIN! UNDER-EYE BAGS WILL DECREASE, AND DEEPER WRINKLES WILL FADE.

# ENHANCING POST-BOTOX RESULTS

## WITH NFMT TECHNOLOGY AND RED LIGHT THERAPY

Botox treatments are a popular solution for reducing wrinkles and achieving a more youthful appearance. However, one challenge often faced after Botox is muscle atrophy due to reduced muscle activity. The ULTIMA FACE device is a groundbreaking solution designed for this purpose.

Using gentle electrical impulses, ULTIMA FACE reactivates the facial muscles, preventing atrophy and ensuring that the underlying structure of the face remains firm and well-defined. Without diminishing the effects of Botox, it complements the treatment by helping to shape the contours of the face while regenerating the facial muscles. By combining these modalities, ULTIMA FACE offers a unique and effective approach to post-Botox care. Users report improved facial symmetry, better skin tone, and a more youthful appearance, with results often visible within weeks of consistent use.

## ATTENTION TO DETAILS

From the smallest component to the overall design, every detail of the ULTIMA devices is crafted with precision and care. This attention to detail guarantees the comfort and convenience of your clients.

# PROVEN EFFICACY AND TRANSFORMATIVE RESULTS

ULTIMA is not just a promise; it's a proven solution. Clinical studies confirm the effectiveness of NFMT and LLT in skin rejuvenation, showcasing our commitment to evidence-based beauty solutions.

Based on clinical studies\*, 80% of the subjects reported improvements in their skin texture, firmness and muscle elevation when using a neuromuscular electrical stimulation device. ULTIMA enhances this effectiveness by incorporating RED LIGHT therapy.

# HOW TO INTEGRATE ULTIMA INTO YOUR EXISTING TREATMENTS

## PERFECTLY COMPLEMENTARY TO OTHER TREATMENTS

ULTIMA is an excellent addition to any beauty clinics because of its versatility in combining with other treatments. Instead of simply replacing existing procedures, ULTIMA can enhance their effects, making the results even more impressive. By incorporating ULTIMA into your treatment portfolio, you can provide your clients with synergistic solutions that elevate their beauty regimen to the next level.

## CONSISTENT SKIN RENEWAL SERVICES

With ULTIMA, clinics can offer a unique service that focuses on regular and ongoing skin rejuvenation. This encourages clients to visit weekly or monthly, combining various treatments for continuously refreshed, glowing skin. This consistent approach not only helps clients maintain their beauty but also fosters stronger client relationships and long-term loyalty.

## A MULTIPLATFORM TOOL WITH ENDLESS POTENTIAL

As a multiplatform device, ULTIMA comes with a wide range of compatible add-ons, allowing you to expand your services effortlessly. These options enable you to attract new target audiences while better serving your existing clients. Whether you're introducing innovative treatments or addressing diverse beauty concerns, ULTIMA ensures your clinic stays ahead of the curve in the ever-evolving beauty industry.

This unique device is not available to just anyone. It has been meticulously designed and crafted solely for a select network of high-care clinics. This exclusivity ensures that the device's advanced features and unparalleled quality are reserved for those who demand the highest standards of care.
